

KOLWANA
H O L D I N G S

COMPANY PROFILE

OVERVIEW

Kolwana Holdings was established in 2010 and commenced operating in 2015 focusing on construction and expanding in logistics. Kolwana Holdings strives to be a leader in the construction industry by providing quality services in building construction, civil engineering and project management services. A wholly South African youth black owned construction company, Kolwana Holdings supports the reconstruction and development initiatives of South Africa, environmental protection and preservation of vital resources.

Kolwana Holdings is a certified 100% Broad Based Black Economic Empowerment company with interest in forming business linkages with complementary professionals in multidisciplinary projects. Operated and managed by vibrant young entrepreneurs, Kolwana Holdings professes good management, leadership, efficiency and the use of appropriate and cutting-edge technology to yield the most effective results in all assigned projects.

VISION

To be the leading and most trusted construction company that is committed to the reconstruction and development of Africa and the rest of the world

MISSION

- To develop and operate within the best practice models that are internationally recognized.
- To deliver return on investment that is prudent and sustainable to all stakeholders
- To form key partnerships and strategic alliances with entities that contribute to the development and sustainability of the company.

VALUES

- **Integrity:** To be transparent, dependable and authentic in all dealings.
- **Reliability:** To be available when needed and be consistent in service delivery.
- **Excellence:** Produce work that exceeds expectations & meets international standards
- **Loyalty:** Understanding that business is done through people and people value loyalty
- **Accountability:** Taking responsibility for all actions and decisions made

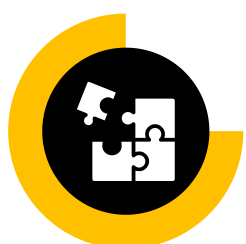

Kolwana Holdings offers services that are rooted in both technology and management know how. In its field of specialization, the company intends to establish a track record of quality, innovation and commitment to the successful completion of all its operations.
